

# **NATIONAL INDIAN COUNCIL ON AGING INC.**

## **HOME HEALTH CARE CONSULTANT**

National Indian Council on Aging Inc. is seeking a committed and experienced individual to help coordinate on current projects and initiatives. The position will focus on providing guidance to tribes, community leaders and such on how to create and maintain a home health care program on tribal land.

- Must have at least 5 to 10 years of experience in home health care programs. (Preferred experience with American Indian/Alaska Native communities but not required)
- Knowledge of long-term services and supports (LTSS) policies and procedures as they relate to compliance standards for federal, state, local or tribal
- A bachelor's degree in nursing, healthcare administration or other related subjects is required. Substantive work experience may substitute for a degree.
- Willing to work virtually
